Application

- We see in this chapter a harlot riding a beast who has been in business with the kings of the earth, and kings of the beast will ultimately destroy her. This is the way with sin. That which one cherishes above the Lord will ultimately reap destruction, if unchecked. Is there any spiritual harlotry in your life? Any area that is surrendered to something or someone other than the Lord?
- Pray for the Lord to remove any spiritual harlotry in your heart and give you an undivided heart!
